
Derivative Instruments Valuation Sales and Client Relations assistant (Internship)

DeriveXperts is a leading financial services provider, with offices in the heart of London and in Paris.

We provide our clients with the highest level of Derivatives Instruments Valuation services.

Working with the top tier of the US, English, Swiss and French investment banks, as well as the largest Investors, our teams have developed innovative solutions to meet the needs of our demanding clients.

In order to support the success and growth of the company, we are looking to recruit ambitious and talented individuals to join our teams.

The role

We are looking for someone to join our Sales and Client Relations team in Paris, to help support the development of our DxVal service – market to model valuations on derivative instruments.

Key accountabilities and responsibilities

- Actively assist in ensuring that the service produced is of high quality and delivered in a timely manner
- Provide support to clients by answering queries on technical aspects of the service
- Perform analysis on derivatives prices when challenged by clients
- Work closely with other departments within the business (IT, marketing, pricing) to help develop the service.

Education, Skills and Experience

- Must have a master degree in financial markets and a good knowledge of financial instruments and understanding of their pricing theory
- Must be able to work in a small team and be prepared to get involved in a variety of tasks out of the formal job description
- Autonomy, enthusiasm, willingness to learn are essential
- A friendly and outgoing individual with great communication and presentation skills
- Confident to meet clients

Location: Paris

Duration: 6 months

Reference: Will be provided with a reference once completing the internship
